MEMORANDUM FOR:	Patrol Agents in Charge
	Laredo Sector (b)(6)(b)(7)(C)
FROM:	(b)(6)(b)(7)(C)
	Chief Patrol Agent
	Laredo Sector
SUBJECT:	(b)(7)(E) and the (b)(7)(E)

Attached is a memorandum from Chief Michael J. Fisher, U.S. Border Patrol, regarding (b)(7)(E) (b)(7)(E) program. The Office of Border Patrol's Enforcement and Information Technology Division recently added a (b)(7)(E) program description box to (b)(7)(E) program. Patrol Agents in Charge should ensure personnel under their command understand this modification is only authorized for use by Tucson Sector processing agents.

MEMORANDUM FOR: All Chief Patrol Agents
                          All Division Chiefs (b)(6)(b)(7)(C)

FROM: Michael J. Fisher
                 Chief
                 U.S. Border Patrol

SUBJECT: (b)(7)(E)

On September 15, 2010, the Tucson Sector (TCA) implemented the (b)(7)(E) (b)(7)(E) program as a means to educate aliens processed for Expedited Removal (ER). The intent of (b)(7)(E) is to realize the full deterrent potential of an ER by ensuring that the aliens going through the process have a full understanding of the ramifications that accompany an ER, as well as the potential consequences they face if they choose to illegally re-enter the country after having been formally removed.

TCA is working toward the elimination of Voluntary Returns within its Area of Responsibility (AOR) as a means to deter illegal entries and break the smuggling cycle. In conjunction with other consequence delivery tools, ER has been an extremely valuable tool and sector management believes that the (b)(7)(E) program will enhance their existing efforts to deter aliens from illegally re-entering the country. For this reason, (b)(7)(E) is being piloted in TCA and results will determine if the program is implemented nationwide.

In an effort to gauge the success of (b)(7)(E) in TCA, the sector has worked in conjunction with the Office of Border Patrol's Enforcement and Information Technology Division (EIT) to create a modification to the (b)(7)(E) program that will capture more accurate, real-time information regarding the disposition of every alien arrested within the TCA AOR.
